1. At the recent FIEND/VALUABLE talks, FJCAPE requested that Jagged supply the latest statistics available on HBPIXIE trade through FJMINOR. It is noted that 184-CLEWU, dated 20 September 1950, carried a report on this subject.

2. Jagged states that further statistics could now be supplied in BGBIDDY. However, this would entail much additional work, which Jagged feel is unnecessary since the FJCAPE representative who is to be posted to FJMINOR to study the question of economic warfare can obtain his information on the spot. Jagged, therefore, request that they be given the name of the FJCAPE representative and his ETA FJMINOR and they will, in turn, warn their FJMINOR station of the FJCAPE officer's impending arrival and will alert their representatives to meet the requirements set forth by FJCAPE. If you will supply us with this information, we will pass it to []

3. In future, information on the subject of HBPIXIE trade through FJMINOR will be included in Jagged's Valuable Summary of Intelligence, a copy of which is pouched to you weekly.
